Tuition, Fees, Kits, and Other Charges:

Tuition and Fees

There is a Tuition charge for each course offered at the school (Cosmetology, Aesthetics and Instructor). In addition, a registration fee is charged. Specific costs for each course offered can be found on Addendum A in the back of this Catalog.

Course Kits, Books, Sales Tax, Lab Fees and Supplies

Cosmetology Students: Each Student will receive and be assessed a charge for the kit that accompanies the course. The kit contains the necessary tools, implements and supplies to successfully participate in the student salon and practical assignment during your course of study. The kit also has the tools and implements needed to successfully participate in the State Licensing Examination. With proper care and use, most parts of the kit should last beyond enrollment as the kit contains tools and implements that are above entry level. Kits and supplies are required to be maintained in a clean and safe manner in accordance with state laws, rules and regulations. During the first 450 hours of instruction, the student will be assigned a school owned kit. Once a student reaches 450 actual hours, she/he will receive their own Student Kit and will turn in the school kit. All Student Kits become the property of the student after full payment is received. I understand that in the event of my withdrawal I will be responsible for the full cost of my Student Kit and books, since the kit is a sanitary item and once opened it cannot be returned for any reason. Therefore, in the event of my withdrawal from school, I authorize any credit balance retained on my account at that time to be used to pay for all applicable institutional charges plus any remaining charges for my kit and books incurred as a result of my withdrawal. In the event of my withdrawal during the first 450 actual hours of enrollment, I understand that I may have been issued a manikin and/or other Student Kit items/supplies and will be assessed a fee of \$500.00 to cover this expense. Lost or damaged items may need to be replaced at the student's expense.

Kits and parts thereof, are to remain on campus at all times during the enrollment period until completion or termination/withdrawal from the program/course and only if all financial obligations are paid in full per Arkansas Cosmetology Rules & Regulations.

Aesthetic Students: Each Student will be assessed a Lab Fee which will cover the costs associated with utilizing tools, equipment and supplies needed to complete the course. A student has the option to purchase tools and equipment from the school at any time during their enrollment. This charge will be assessed over the number of enrollment payment periods. Care should be taken as to not damage tools and equipment. Lost or damaged items may need to be replaced at the student's expense. Some equipment or tools may be available for purchase from the school during your enrollment.

Textbooks: Each student is required to have the current version of the Milady Course book and a new (never used) Workbook along with the required Planner. Once books are received, the student is responsible for the total amount due. If for any reason the student is terminated or withdraws from the program, they can return only their textbook or workbooks that are in brand new conditions as long as it is within 20 days of their withdrawal date. There cannot be any visible damage such as torn pages, bent corners, scratches on the cover or written in anywhere. All textbooks, workbooks and planners must be accessible and on campus during all classes and as requested throughout the educational day.

Tax: Appropriate Sales Tax is charged on all goods including Kits and Textbooks, etc.

Additional Supplies: The school furnishes supplies for classroom and student salon needs. These general supplies are included as a part of the tuition, kit or lab fees. Student personal services however, may have charges which must be paid at the time of such service. See Student Salon Policies or check with an instructor for additional details.

Kit and Personal Items: Should a student leave items after withdraw or graduation from the Academy of Salon and Spa, the items will be held for a maximum of 30 days from the date of determination (see the refund policy in the school's catalog for details) or from the student's official graduation date. Items left after the expiration of the 30 days shall become the property of the Academy of Salon and Spa and are not subject to refund or replacement.

Schedule Change: Schedule changes will be charged at the rate of \$100 each to cover the administration costs associated with the change.

Timely Completion of Course – Additional Tuition Charges

Hours missed during a student's period of enrollment are subject to charges per the school's "Additional Tuition Charge Policy." Each course has been scheduled for completion within an allotted time frame. If a student does not graduate within the scheduled enrollment period as outlined on the enrollment agreement or as amended on an enrollment agreement addendum (if applicable), any remaining actual hours needed in order to complete the training will be billed at the rate of \$10.00 per hour.

Estimated Charges: Additional Tuition Charges shall be estimated based on \$10.00 per additional clock hour needed to complete the course during each scheduled payment period of enrollment. Monthly and Period Evaluations show the difference between actual and scheduled hours which determines the Additional Tuition Estimate. This Additional Tuition Estimate will be shared with the student during regular advising and evaluation sessions. Charges shall be applied to the student's ledger as an official charge. Charges are due and payable prior to the student starting the next scheduled payment period of enrollment or, in the case of the student's last scheduled period of enrollment, prior to course completion/graduation. Attendance for the next period of enrollment may be withheld pending payment or arrangement of payment. Certification of hours will not be released if a ledger balance remains after the student has otherwise completed the program.

Additional Tuition Charge Waivers

The school understands that occasional unexcused absences may occur as unforeseen issues, illness, appointments, etc. may arise during the course of enrollment and offers an "Additional Tuition Charge Waiver" (ATCW) to assist students. The ATCW will be calculated at the rate of 6 hours excused for each 150 hours of actual hours attended during each scheduled payment period of enrollment. The school reserves the right to adjust the waiver amount on a case by case basis when mitigating circumstances are present.

Example: Cosmetology – 1500 hour program scheduled payment period 1-450 hours. This period would allow a total of 18 excused hours as; $450 \div 150 = 3$ and $3 \times 6 = 18$ excused hours.

Example: Aesthetics – 600 hour program scheduled payment period 1-300 hours. This period would allow a total of 12 excused hours as; $300 \div 150 = 2$ and $2 \times 6 = 12$ excused hours.

Any "Additional Tuition Charge Hours" above the ATCW amount of hours for each scheduled payment period will be charged at the above stated rate and be payable prior to commencing the next scheduled payment period of enrollment.

Claims for Credit: There is no tuition adjustment or credit made in cases where Additional Tuition Charges are not assessed. There is no cash value to this policy and thus charges are not subject to refund or credit. If a student withdraws or is withdrawn from a course, any monies paid toward additional tuition charges will be calculated and applied toward balances due the Department of Education (if Title IV applicable) or the school. If no balance is due any access monies shall be refunded back to the student.

Possible Payment Sources

In addition, the student who participates in the Title IV funding programs (as qualified) must maintain all on-going eligibility requirements according to the applicable regulations and policies. Financial aid consists of two types of aid; grants and loans.

Grants are financial aid that does not have to be re-paid (unless, for example, you withdraw from school and owe a refund or overpayment).

Loans allow you to borrow money for your education which must be paid back, with interest, back to the Federal Government. Each type of aid has specific eligibility requirements. If qualified, a student may be eligible for more than one type of aid.

Applying for Financial Aid

Prospective students may complete the Free Application for Federal Student Aid (FAFSA) on line at www.FederalStudentAid.ed.gov with the School Code 010741. Current students may periodically need to update application materials or eligibility documentation. Students and/or parents of dependent undergraduate students, who can demonstrate that he/she meets the qualifications, will be considered for the following financial aid program listed below.

Federal Financial Aid Eligibility

To qualify for financial aid programs, Federal aid programs, Federal and State regulations indicate that the student must:

- Apply for financial aid using the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov
- Be a United States citizen, national or eligible non-citizen.
- Maintain Satisfactory Academic Progress.
- Demonstrate a financial need. (*Budget required if borrowing above the cost above attendance*)
- Be registered with selective service, if required.
- Not be in default on any educational loan and not owe a refund on an educational grant.

To remain eligible for Federal Funds, students that are on Federal Financial Aid must complete their program within a specified time frame and adhere to the Satisfactory Academic Progress policy stated earlier in the catalog.

How Federal Funds Are Applied

Awards of Title IV federal assistance (if applicable) received by students will apply first to tuition owed and then to the student for education related expenses. All financial aid disbursements will be made in accordance with federal regulations and guidelines. Financial Aid will be credited to the student’s account at least twice during the academic year of 900 clock hours. Students desiring the institution to budget and disburse financial aid funds for the student throughout the academic year may make such request in writing. There will be a \$100.00 fee to students who request a change in their approved award.

Any student may request an authorized Leave of Absence (LOA). It is a temporary interruption in a student's program of study. LOA refers to the specific time period during a program when a student is not in attendance. An LOA is not required if a student is not in attendance only for an institutionally scheduled break. However, a scheduled break may occur during an LOA. A request for a LOA must be submitted to the Director or Assistant Director in advance, in writing to include the reason for the request and the student's signature. There must be a reasonable expectation that the student will return from the LOA. If this request is approved, the official Leave of Absence will extend the contract period by the actual number of calendar days the student is on Leave of Absence. No re-entry fee will be charged to a student returning to school from an approved Leave of Absence.

LOA Terms

A Leave of Absence will be approved for no less than 2 calendar weeks or more than 60 calendar days*. The US Department of Education requires that a student does not exceed a total of 180 days in any 12 month period for all Leaves of Absence taken/granted. Students are limited to a total of three (3) LOA's per enrollment*.

Emergency LOA

Students who have a situation beyond their control, which prevents them from requesting a LOA in advance MAY be granted depending on the mitigating circumstances involved. In such a case, the student is still required to submit a written Leave of Absence Request Form along with a statement outlining the mitigating circumstance and reason for LOA. All documentation the student wishes to have considered during the review of the request must be included. Failure to provide the required form(s) and/or documentation may result the LOA not being approved.

Extended LOA

An extension (adding time/days), to a LOA that has been previously approved, may be requested. Documentation is to be provided in order to extend a LOA. Extended LOAs however, may not exceed the total calendar days allowed in this policy unless a mitigating circumstance* can be documented by the student and documentation is provide to, and approved by, the Director/Assistant Director.

Impact of LOA

Title IV Federal Financial Aid cannot be disbursed to students or on behalf of a student while he/she is on a Leave of Absence. This policy does not impact Non-Title IV Payments (cash/other). Payments to the school from these sources must continue as scheduled during a student's Leave of Absence. The school will not asses the student any additional institutional charges as a result of the LOA. If a student does not return to the school at the expiration of an approved LOA (or a student takes an unapproved LOA) the student's withdrawal date is the date for the purpose of calculating a refund is always the student's last day of attendance.

VA Students (and dependents utilizing VA funds): The school is required to notify the VA of periods of non-attendance. A LOA will impact VA Benefits. Other Third Party Funds may also be impacted by a Leave of Absence.

If approved by the Director or Assistant Director, the a Leave of Absence will extend the contract period by the same number of calendar days designated on the LOA document or the actual number of calendar days used during the LOA. A new scheduled graduation/completion date will be calculated upon return from an approved Leave of Absence and shall be documented on an Enrollment Agreement Addendum form. A student granted an LOA that meets the criteria is not considered to have withdrawn, and no refund calculation is required at that time. No re-entry fee will be charged to a student returning to school on time from an approved or extended Leave of Absence.

*Mitigating Circumstances may include but are not limited to medical issues resulting in hospitalization, prolonged legal or court proceedings, threat of homelessness, reactivation by military for reservists, etc. and/or other extreme issues which may impact a student's ability to regularly attend school but is likely a temporary condition.

- Student Progress Evaluation & Graduation Requirements-

Satisfactory Academic Progress (SAP) Policy

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the Academy of Salon and Spa. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education and VA.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology - 450, 900 and 1200 clocked (actual) hours

Aesthetics - 300 clocked (actual) hours

Instructor – 300 clocked (actual) hours

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 80% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has

maintained at least 80% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 125% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	SCHEDULED HOURS
Cosmetology: 30 hrs/wk – 1500 Hours	63	1875
	22 hrs/wk	
Aesthetics & Instructor: 30 hrs/wk – 600 Hours	25	750
	22 hrs/wk	

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 80% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 80% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

80 – Above	SATISFACTORY
BELOW 80	UNSATISFACTORY

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding or VA Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds or VA funds if applicable.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress

Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds or VA funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid or VA funds as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

APEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

A Student is considered to be withdrawn when one of two conditions occurs:

1. The student "Officially" notifies the Director/Assistant Director that he/she has the intent to withdraw. Such Notice is to be in writing on the voluntary withdrawal form.
2. Formal termination (an unofficial withdrawal) of the student shall occur 14 consecutive days after the student's last date of physical attendance (except in the case the student is on an approved Leave of Absence).

Termination from the Academy may also occur based on a violation(s) of the Standards of Student Conduct and/or failure to adhere to rules, policy and procedures outlined in the school's Catalog.

Students who voluntarily, unofficially withdraw, or who are terminated from enrollment prior to course completion must:

- Complete all required exit paperwork.
- Attend an exit interview.
- Satisfy all debits owed to the school or make satisfactory arrangements for debts to the school as approved by the Director or Assistant Director.

Only upon completion of the withdrawal requirements will a certified Final Transcript of Hours be forwarded to the State Regulating Agency. If withdrawal requirements are not met, no transcript will be released.

Students who withdraw or terminate prior to course completion will be charged a \$100.00 withdrawal fee.

Personal items left at the school more than 30 days after withdraw, unofficial withdrawal or termination, become property of the school.

A student who withdraws from his/her contracted course or prior to completing his/her training will have a notice placed in his/her file as to their progress standing at the time of withdrawal. A student who applies for re-entry (re-enrollment) shall return in the same Satisfactory Academic Progress Status.

All financial obligations from prior periods of enrollment must be satisfied prior to re-entry. See related Re-entry Policy.

Institutional Refund and Return to Title IV Funds Policies

Institutional Cancellation and Refund Policy:

For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure.

Any monies due the applicant or students shall be refunded within 45 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:

1. An applicant is not accepted by the school. The applicant shall be entitled to a refund of all monies paid.
2. A student (or in the case of a student under legal age, his/her parent or guardian) cancels his/her enrollment in writing within three (3) business days of signing the enrollment agreement. In this case all monies collected by the school, less the \$100 non-refundable registration fee collected by the school, shall be refunded, regardless of whether or not the student has actually started classes.
3. A student cancels his/her enrollment after three (3) business days of signing the contract but prior to starting classes. In these cases he/she shall be entitled to a refund of all monies paid to the school less the registration fee in the amount of \$100.
4. A student notifies the institution of his/her withdrawal in writing.
5. A student on an approved leave of absence notifies the school that he/she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning.
6. A student is expelled by the school. (Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 30 days.)
7. In type 2, 3, 4 or 5, official cancellations or withdrawals, the cancellation date will be determined by the postmark on the written notification, or the date said notification is delivered to the school administrator or owner in person.

The "formal cancellation date" will be determined by the earlier of:

- The postmark on written notification,
- The date notification is delivered to the school in person
- The last date of attendance if a student is terminated by the school
- 14 consecutive calendar days after the last day of documented attendance
- The scheduled return date from an approved Leave of Absence or
- The date the student notifies the school that they are not returning from an approved Leave of Absence.

This policy applies regardless of whether or not the student has actually started training.

If a student does not notify the school that she or he is withdrawing, unofficial withdrawals are determined by the school through monitoring clock hour attendance at least every thirty (30) days and other academically related activities.

Enrollment time is defined as the time elapsed between the students start date and the last physical date of attendance at the school. Refunds will be calculated on scheduled hours.

For students who enroll and begin classes but withdraw prior to course completion (after three business days of signing the enrollment agreement); the following schedule of tuition earned by the school applies. All refunds are based on scheduled hours:

PERCENTAGE OF SCHEDULED TIME ENROLLED TO TOTAL COURSE	TOTAL TUITION SCHOOL SHALL RECEIVE/RETAIN
0.01% TO 4.9%	20%
5% TO 9.9%	30%
10% TO 14.9%	40%
15% TO 24.9%	45%
25% TO 49%	70%
50% AND OVER	100%

All refunds will be calculated based on the student's last date of attendance. Any monies due a student who withdraws shall be refunded within 45 days of a determination that a student has withdrawn, whether officially or unofficially. In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made which may exceed the tuition adjustment guidelines. If the school cancels a course and/or program and ceases to offer instruction after students have enrolled and instruction has begun, the school shall at its option: Provide a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school; or provide completion of the course and/or program; or participate in a Teach – Out Agreement; or provide a full refund of all monies paid. If the school closes permanently and ceases to offer instruction after a student has enrolled; the school must make arrangements for the students. The school has the option to: provide a pro rata refund OR participate in a Teach – Out Agreement. If the course is canceled subsequent to a student's enrollment, the school will either provide a full refund of all monies paid or provide completion of the course and/or program.

Students who withdraw or terminate prior to course completion are charged a withdrawal fee of \$100.00. This refund policy applies to tuition and fees charged in the enrollment agreement. No refund shall be made for kit and books received by the student, however, other miscellaneous charges the student may have incurred at the institution will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in this enrollment agreement.

This school does use promissory notes or contracts for tuition and associated fees. The school does not intend to sell notes or contracts to third parties, but if a sale occurred the third party must comply with the cancellation and settlement policy of the institution.

The school does have the right of collection. Any collection correspondence regarding, cancellation and settlement from the institution itself, banks, collection agencies, lawyers, or any other third parties representing the institution clearly acknowledges the existence of the withdrawal and settlement policy. All collection procedures shall reflect good taste and sound, ethical business practices.

Repayment of Title IV Aid

If a Title IV financial aid recipient withdraws prior to course completion, the Return to Title IV calculation will be completed first and applicable funds returned within 45 days of the formal withdrawal date and offer any Post-withdrawal disbursement of loan funds within 30 days of that date. Any Returns to Title IV owed by the school shall be paid as applicable, first to the unsubsidized Direct Stafford Loan; second to the subsidized Direct Stafford loans; third to Federal PLUS; fourth to the Direct PLUS loan; and last to the Pell Grant. If a student has received personal payments of Title IV aid, he/she may be required to return the aid to the applicable program.

Returned funds to Title IV programs will be reduced from the payment received on behalf of the student before applying the institutional refund policy to determine whether the student is owed a refund or if a balance is owed to the institution. To obtain an applicable refund, a withdrawing student must contact the administration office, attend an exit interview, and complete all required exit paperwork.

Refunds for students who are the recipients of Veteran's educational benefits will be calculated according to the policies herein or as may be otherwise mandated by the Veteran's Administration.

Return of Title IV Funds

If a Title IV financial aid recipient withdraws prior to course completion, the Return to Title IV calculation will be completed first and applicable funds returned within 45 days of the formal withdrawal date. Any Returns to Title IV unearned by the Student and thus owed by the School shall be paid as applicable, first to the unsubsidized Direct Stafford Loan; second to the Subsidized Direct Stafford loans; third to Federal PLUS; fourth to the Direct PLUS loan; and last to the Federal Pell Grant. If a student has received personal payments of Title IV aid, he/she may be required to return the aid to the applicable program.

Unearned Financial Aid

Students who have not completed the verification process are ineligible to receive financial aid. For students receiving Title IV financial aid, any unearned financial aid must be returned to the Department of Education or to the Federal Stafford or parent's Federal Plus loan lenders. Aid is earned in proportion to the number of actual hours or scheduled hours prior to the student's complete withdrawal. The school must calculate, according to a specific formula the percentage of total scheduled financial assistance that the student has earned and is therefore entitled to retain. (Example: Completing 30% of the scheduled hours; 70% of

aid must be returned.) If a student receives (or the school receives on the students behalf) more assistance than the student has earned, the unearned funds must be returned.

The Return of Title IV policy does not affect the Student's charges due to the school. Funds returned by the School to Title IV programs, based on the Return of Title IV, will be reduced from the payments received on behalf of the student before applying the Institutional Refund Policy to determine whether a refund is owed the student or if a balance is owed by the Student to the School. The Institutional refund policy will be used to determine the reduction, if any, in the student's tuition and fees. The Student shall therefore be responsible for paying any outstanding charges to the School.

Financial Aid: All financial aid (Title IV) recipients who withdraw and have completed 60% or less of the payment period for which they have been charged, are subject to the federal refund regulations per 34 CFR 668, 682 & 685, published Nov. 1, 1999

VA Students

For VA Students, the school has and maintains a refund policy enrolled under provisions of Title 38, that provides a refund for the unused portion of tuition, in the event the Title 38 student fails to enter the course, withdraws, or is discontinued at any time prior to completion. Such policy provides that the amount charged to the Title 38 student for tuition for a portion of the course shall not exceed the approximate pro-rata portion of the total charges for tuition that the length of the completed portion of the course bears to its total length. An amount not in excess of ten dollars (\$10.00) for an established registration fee is not subject to refund or proration. Refunds **must** be completed within 40 days per Code of Federal Regulation (CFR) 221.4255

Exit Interview

A withdrawing student must contact the administration office, complete an exit interview, and complete all required loan or institutional exit paperwork prior to the release of records/transcripts.

Students must make up missed tests and incomplete assignments prior to graduation.

Students are allowed to retake a failed exam, but will receive a maximum make-up grade of 80%.

Retake exams may be a different version of the initial exam. Passed exams may not be retaken.

Repeat Curriculum Impact:

Theory curriculum rotation may result in a repeat curriculum.

Students are required to take tests associated with all curriculums regardless of repeat. In the case of a repeat curriculum, the exam score shall be recorded.

The final grade of record is the highest of all exam scores, regardless of repeat curriculums.

Numerical grades are considered according to the following scale:

80 – and above - SATISFACTORY

BELOW 80 – UNSATISFACTORY

Determination of Grade Average (Grading Procedure):

Theory (Chapter Tests) = 30%

Practical (Skills Assessments based on monthly progress report average score) = 60%

Major Tests/Exams (Phase Tests, Written Finals, Practical Finals) = 10%
